INNOVATION AND TECHNOLOGY

CODING

CODING:

ARDUINO INTRODUCTION
Adults and Teens, Ages 13+
Mondays

September 10, December 10
7:00 – 8:30 pm

4th floor, McCallum Room

Learn about the Arduino microcontroller and how to code a microcontroller to make your devices interactive. Attendees can check out an Arduino Maker Kit at the end of class.

CODING: PYTHON

Adults and Teens, Ages 13+
Mondays

September 17, October 15
7:00 – 8:30 pm

4th floor, McCallum Room

Join this group designed for those with no coding experience and learn how to code using the Python language. Each meeting we will work on a new project.

CODING:

ARTIFICIAL INTELLIGENCE
Adults and Teens, Ages 13+
Mondays

October 22, December 3
7:00 – 8:30 pm

4th floor, McCallum Room

Get hands on experience with Google's AIY Voice project to learn how to use your Python coding skills to customize and work with artificial intelligence.

LASER CUTTER DEMONSTRATION

All Ages
Thursday, September 27
7:00 – 8:30 pm
1st Floor, Makerspace

Learn how a laser cutter works and how to design for engraving and cutting out objects using the Library's laser cutter. This is a come and go event.

FROM IDEA TO APP STORE

Adults
Monday, November 26
7:00 – 8:30 pm
4th floor, McCallum Room

Learn the process of how to make your idea for an app a reality. In this class we will explore how to plan, develop, and refine your idea in order to be prepared to work with professional coders.

Lynda.com

LYNDA.COM: CODING HIGHLIGHTS

Learning Paths are a new way to boost your skills, stay sharp, and get ahead. See how industry experts can give you the knowledge and skills to jumpstart your career. These collections of Lynda.com classes allow all of us to find *our* path to *start our* journey.

Become a Python Developer:

Python is the hot new language used for a variety of applications: program scripting, big data manipulation, web servers, and even the Raspberry Pi. Whether you are a new or experienced programmer, this path will provide you with a complete overview for coding in this exciting new language. Get started at friscoliberalary.com/digital.
