

Activities at Home

Sunshine Clay

Ingredients

1 cup of flour

½ cup of salt

½ cup of water

Have your child help you knead the ingredients together then use cookie cutters to cut out designs in the dough. If you don't have cookie cutters at home, just use the bottom of a can or the lid of a jar to make the cut outs.

Put shapes out in the sun to dry.

Once the shapes are dry, have fun painting them with your kiddo.
