### Homemade Snow

Whether the weather is chilly or warm, homemade snow is always great fun! This simple recipe will let you create your own snow no matter the weather outside.

#### Materials you will need:

- 1 Mixing bowl
- 1/3 Cup of hair conditioner
- 1 and 2/3 Cups of baking soda

#### How to make your own snow:

1. Measure your baking soda and conditioner in the mixing bowl
2. Mix the ingredients together
3. Play with your snow!

There are so many fun ways to play with your homemade snow. You can build a snowperson, practice writing, or just dig in and enjoy the soft sensory play!

Tip: If you want cold snow, put your baking soda in the refrigerator or freezer.
