How to: Ombre Nail Art

What you will need:

- Green Nail Polish: Go for a bright Emerald or Kelly green
- Gold Nail Polish: the thicker the better!
- Makeup wedges: the cheap kind
- Cotton Swab (optional)
- Nail Polish Remover (optional)
- Tape (optional)
- Clear topcoat (optional)

Step 1: Paint the Sponge

The less absorbent the sponge, the better this will work. Open your nail colors and paint a stripe of gold and a stripe of green next to each other.

Step 2: Sponge your nails

Apply the sponge to your fingernails. The sponge will diffuse the hard line of the stripes onto your fingernail. The thicker the polish, the better the ombre effect will be.

Step 3: Clean Up

Use a cotton swab dipped in nail polish remover to clean up the excess on your skin.

Step 4: Let Dry

Enjoy your insta-worthy nails! Once dry, you can add a clear topcoat for protection and shine.
